

PROJECT NAME

TAMCC's Super Saturday Sessions

Hands on training sessions to raise awareness of sexual and gender based violence in Grenada and to help empower women and girls to reduce their risk of becoming victims.

PROJECT SPONSOR

The training is a project of the T. A. Marryshow Community College with funding from the Canada Fund for Local Initiatives.

PROJECT GOAL

The goal of this project is twofold. Firstly, it is to raise awareness on sexual and gender based violence in Grenada. Secondly, it is to provide empowerment opportunities through hands on training sessions to reduce the likelihood of women and girls becoming victims of sexual and gender based violence.

Due to the multiplicity of causes of sexual and gender based violence, it is believed that multisectoral hands on training sessions will empower women and girls to be able to defend themselves against attack, to enable them to administer first aid to themselves and others, as well as to gain skills sets that they can use to become more independent and less dependent on partners and others on whom they depend for financial or other related assistance, which in some instances makes them more prone to become victims of sexual and gender based violence.

TARGET GROUP

- Women and girls age 12 and above from throughout the island.
- Mothers and daughters, sisters, nieces and aunts and friends are encouraged to apply to complete the sessions together.
